Key Ingredient: Your “Laser Talk”

Learn to Speak & Write Powerfully

- E - Engage your audience
- P – State the Problem
- I – Illustrate the problem and Inform them on solutions
- C – Call to action
ENGAGE: According to CFED, 44 percent of American households don’t have enough savings to stay out of poverty for more than three months if they lose their income.

PROBLEM: This means that millions of Americans are just one job loss or one medical crisis away from financial disaster.

INFORM: The Financial Security Credit uses tax time to help people build emergency savings. Low-income taxpayers could choose to deposit all or part of their tax refund into an eligible savings product by simply checking a box on their tax return. And to encourage their participation, after eight months they would get a 50 cent match for every dollar they save, up to $500 per year. A similar pilot program called SaveUSA has shown that this idea works.

CALL TO ACTION: Will you co-sponsor H.R. 2917, the Financial Security Credit Act of 2013, and speak with House Ways and Means leaders about including the Financial Security Credit in upcoming tax legislation?
