Lift Every Voice!
Racism, Class & Power

Annual National Gathering & Congressional Lobby Day
April 15-18, 2016
Washington, D.C.

AdvocacyDays.org
In a major U.S. election year when lives, votes and the global economy are at stake, followers of Christ ask, “Who has a voice?” The response is, “Everyone!”

But in our neighborhoods, cities, and around the world, the voices of too many people are silenced. For generations in this country, social, economic, corporate and political powers have colluded to reduce and eliminate access to voting. Historically, systemic injustice has been carried out through poll taxes, unreasonable and egregious voter requirements and violent opposition to calls for justice and change. Today, we are experiencing injustice through not only an attempt for voter suppression, but police brutality, detention and mass incarceration. In the U.S. and around the world, communities whose health, water, air and land are threatened by corporate greed, voices for justice are often curbed through extreme violence, intimidation and murder.

In this country, communities of color are under siege: named and unnamed black lives are killed each year by police; immigrants are detained and scapegoated; and public displays of discontent and calls for solidarity have too often been met with disregard, suppression or violence. Around the world, decisions that affect the well-being of lives and the entire global economy - one based on continued growth despite the limits to earth’s natural resources and capacity to absorb such growth - are often made in closed boardrooms and in great secrecy.

But as Christians, we believe that leaders and policy makers are called to act and to govern in fairness and with justice for all! Like the persistent widow who demands that the judge hear her plea (Luke 18:1-8), at EAD 2016, we will bring our petitions for justice to Capitol Hill. Like the persistent widow, we will not be silenced.

Come to “Lift Every Voice” on April 15-18, 2016, where people of faith will speak truth to power concerning the suppression of political and economic rights, and the corporate undermining of the local voice of ordinary people in the U.S. and around the world. Through prayer, worship, advocacy training, networking and mobilization with other Christians, we will face the reality of racism, class and power impacting politics and policies and advocate for the liberty of “Every Voice!” - all culminating with EADís Congressional Lobby Day on Capitol Hill.

MISSION
Ecumenical Advocacy Days is a movement of the ecumenical Christian community, and its recognized partners and allies, grounded in biblical witness and our shared traditions of justice, peace and the integrity of creation. Our goal, through worship, theological reflection and opportunities for learning and witness, is to strengthen our Christian voice and to mobilize for advocacy on a wide variety of U.S. domestic and international policy issues.

HISTORY
EAD began in 2003 as a coalition of sponsor organizations holding an annual national Christian education and advocacy conference around timely social justice issues. Since then it has become the premier Christian advocacy event in the United States, bringing together 1,000 faith advocates each year to mobilize for action and to make a public witness on Capitol Hill. EAD has addressed such issues as food justice, economy & livelihood, poverty & hunger, immigration & refugees, climate change, national & international security, and issues especially affecting women and children around the world. Visit AdvocacyDays.org/about to view resources and information from several past National Gatherings.

COME TO WASHINGTON
Our annual National Gathering provides participants with tools to be effective Christian witnesses to justice, peace and the integrity of creation around carefully chosen issues of national and international importance. Incorporating music, art, worship, education and social activities, the weekend event informs and engages the participating advocates in a comprehensive way. Activities include a series of interactive plenary sessions and workshops addressing aspects of the issue on a global scale, with workshop interest sections including Africa, Asia-Pacific, Domestic U.S., Eco-Justice, Global Economic Justice, Latin America and the Caribbean, the Middle East, and Peace and Global Security. There are also advocacy skills training experiences and networking opportunities by state and denomination, preparing advocate groups for a focused Lobby Day conversation with their Members of Congress and Senators on the basis of a specific “Legislative Ask,” which is carefully prepared by policy experts and articulates solid policy rooted in our common Christian social justice traditions.
