## Ella's Song

written by Dr. Bernice Johnson Reagon

Let's confess it: there's a lot of evil, lust and greed in our world. Oppression and sin build up pressure within until there's an eruption of corruption. Beneath the skin, we skid and spin in spiritual crisis where vice is the norm, and justice, kindness, humility, and civility are all too rare.

Unaware of our despair, we smile in denial and say “It’s all OK. No need to change, no need to grow, just have another drink or smoke, tell another joke, and don’t think or rethink. Make another buck, with some luck you can buy a bigger house, store more stuff, drive fast, look good, keep up.”

**Lord have mercy. *(repeat)***

Meanwhile, addiction, rejection, and a lack of reflection spawn friction, dejection and a loss of direction. Every family, community, and nation are shaken. Creation's resources are carelessly taken. And pollution scars every ocean, mountain, breeze, and shore, with visible symptoms of our inner war.

## Confession

We're all victims. We're all villains. We're stuck in the web that we spun ourselves. But God lights a spark of hope in the dark to help us cope with all that's wrong and needs to be made right. God has come into all our pain, shame, and loss through the cross, and calls us to a path of life, love, purpose, and peace.

**Lord have mercy. *(repeat)***

## Confession

If we humble ourselves to believe and receive, a river will flow and a candle will glow in a secret sacred place within us, very deep, where we have been wasting in shadows, half-dead or half-asleep. We've been falling in a vicious viral downward spiral that leads to death. Let's wake up, hear God calling, take a deep, fresh breath.

**Lord have mercy. *(repeat)***

## Confession

We confess that we have sinned against you in thought, word, and deed, by what we have done and what we have left undone. We have not loved you with our whole heart and we have not loved our neighbors as ourselves.

## Confession

We are truly sorry and we humbly repent. For the sake of your son, Jesus, please have mercy on us, that we may finally and fully learn to live in dignity and unity, integrity and harmony, delighting in your will and walking in your ways, to the glory of your name...

**Lord have mercy. *(repeat)***

Beloved, hear the good news: though our violence has metastasized in militarism, materialism and racism, the love of God called Jesus has entered into it all. Grace abounds and offers us a life-giving path. Love is making all things new. In Jesus Christ, we are forgiven.

**Thanks be to God.**

## She Who Is

Written by Rev. Tracy Howe Wispelwey

She Who Is, guides us strong  
Here in the world, She's beauty's song

Wisdom True and Mystery  
A treasure for God's family

She groans when we have not words to pray  
Always here with us, her mercy saves

She knows our pain and her tears they fall  
Breaking the violent ground that chains us all

She brightly shines to lead the way  
Unfolding grace in our everyday

She groans when we have not words to pray  
Always here with us, her mercy saves

She Who Is, guides us strong  
Here in the world, She's beauty's song

Wisdom True and Mystery  
A treasure for God's family

She groans when we have not words to pray  
Always here with us, her mercy saves

She knows our pain and her tears they fall  
Breaking the violent ground that chains us all

She brightly shines to lead the way  
Unfolding grace in our everyday

She groans when we have not words to pray  
Always here with us, her mercy saves  
*(repeat)*

## Guide My Feet

*Traditional Spiritual*

Guide my feet while I run this race (3x)  
'Cause I don't want to run this race in vain.
